Go 5-2!
Go prez!
嗖
Whiz
嗖

Damn!
That's quick!
Your Majesty!
We can't continue to be like this! Do something!
Please finish this battle with your special move like just then!

Act.16 懲罰

拜見女皇陛下

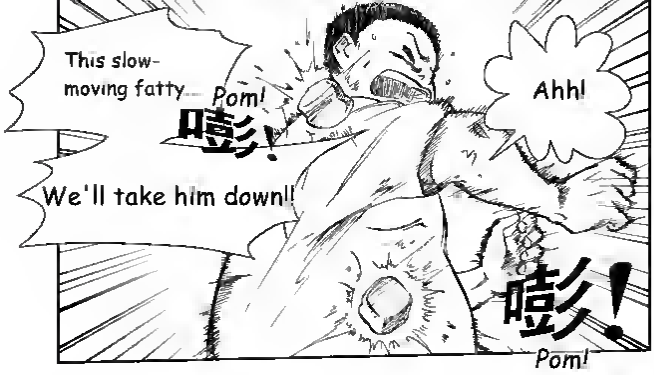
Class 5-3

All Hail Empress Her Majesty

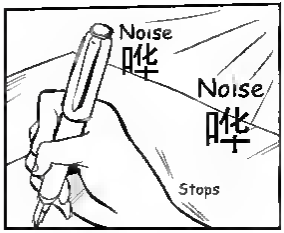
Act.16 Punishment

You bastard! Pay attention to your front!
Yes! Roger!
Wah!
Good of you to be the first to dodge successfully for a dozen rounds
Damn! Does this class specialise in bean bag throwing? That's more than fierce!
...
Second plan
But that won't change your fate of losing!
Roger!

Take this!!
! ! ?
Eh ? Where're the bean bags?
Two idiots! That's a deception!
Humph, didn't get tricked at all. No wonder you caught my throw once. However...
Bean bags are still here!



This slow-moving fatty
Pom!
嘭!
We'll take him down!!
Ahh!
嘭!
Pom!



Noise
咋
Noise
咋
Stops

What's so exciting about bean bag throwing?
That's noisy!

Fat player of class 3, off!
I know!
.....

You tricked us! Shame on you!
That's called strategy! You dumb!

Damn, after all the attackers are at advantage for using twa bean bags.

We can anly guess their rich tactics we must da same.

Eunuch Ming, stand as clase ta me as possible from now on. Try ta be in line with me, staggering a bit.

Ah?

Ah, right. If we stand separately, they will have many ways to attack, but their chaices are extremely limited if we stick tagether!

The risk is, the back ane's sight may be blocked.

What shauld I

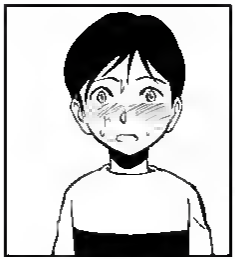
Eunuch Ming!

Ah!

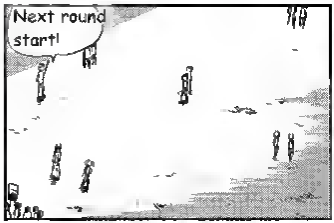
Dan't think taa much. Be smart!

You'll became Zhen's eyes after we turn around!

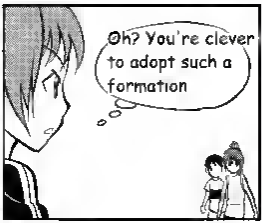
U17



Come closer if you understand!
Yes! Your Majesty!!



Next round start!



Oh? You're clever to adopt such a formation

But that's it. You have only two left and you wont to catch our bean bag three more times? I'll give you no more chances!
Go there and focus on that woman

What...standing apart like that...

Converging position? Although attocking route is simple, but
Your Majesty, It's hard to dodge now!
Dodge? Don't forget we aim for winning not just dodging!
Once their attacking route is revealed, rush towords them like Zhen just did!
Eh...
Speaking of thot...
All we need is one-on-one!
That's the chance to earn points!
Eunuch Ming! Zhen left, you right!
Yes!

!?
This is a risky mind game! Rushing towards different opponents separately...
Prez! What to do now?
Again? Damn, aim at your own target!
Shocked
They will most likely abandan their original plan and attack only the incoming one respectively!
咔！！
Clash!!
Clash!!
咔！！

Sis♥Ying
Ah...
It's...
It's impossible!
get caught again, prez's undefeatable legend ends here...
Eunuch Ming?
Damn damn damn!
.....

But this tactic requires rapid response!
.....
Sorry Your Majesty I didn't catch it...

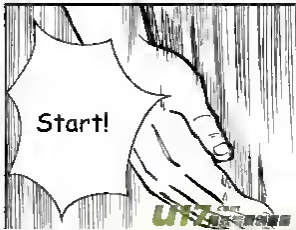
Never mind, Zhen doesn't blame you. Just try your best to hold on since now!

We'll win after catching twice. There's a big chance!
Did you say that out loud on purpose?
Prez! What should we do next?

Hold your pace! Revert to old position and deplete their energy until further command! Don't get caught!

Now let's hove a long-drown-out wor of ottrition in that cose!

Next round



Start!

Ringing
The game is still on even after class! That twin tail girl is good!
The ponytail one is also not bad!
Twin tail? Ponytail?
Eh?
You can play games together airedy?
Go to hell !!
唰
Whoosh

Wah!
H, how aggressive
I'm exhausted, can't hold any longer...it has been at least a hundred rounds...
Are they waiting for this moment? The attacks got sharp suddenly...
Tsk...
And it's after class... more and more people are coming to the playground...
If we lose... under the eyes of the crowd...
Don't stand still bastard! Turn around!
!!
Turn..

Waahhh!!
Pom

啪!
Clap!

Go Class 5-2!
Tsk...
Pat

Pat

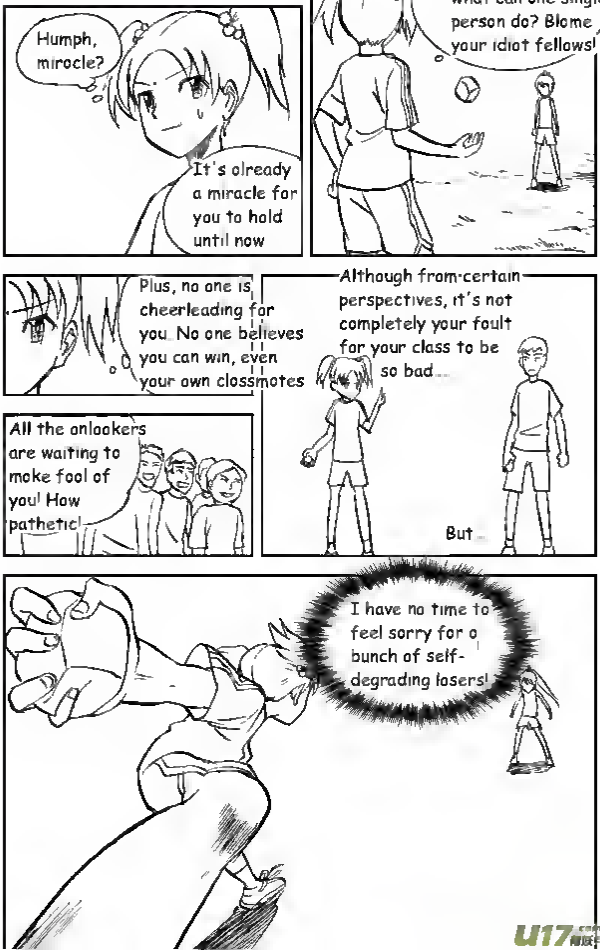
So, sorry
Your Mojsety my foult
Defeoted by the wor of ottrition? Useiss Work out on your weok body ofterwords.
.....
You con go now, leove the rest to Zhen
Yes
So the defender hos only one player left with one chance only! But the ottacker hos two motch points!
Clearly 5-2 has o decisive odvontoge! But the game is not yet concluded!
Are you a norrotor?
Who wuld toke the chompion? Let's wait ond see! Could 5-3 become o miracle?



I must admit you are quite good. But what can one single person do? Blame your idiot fellows!
Humph, miracle?
It's already a miracle for you to hold until now
Although from certain perspectives, it's not completely your fault for your class to be so bad...
But...
Plus, no one is cheerleading for you. No one believes you can win, even your own classmates
All the onlookers are waiting to make fool of you! How pathetic!
I have no time to feel sorry for a bunch of self-degrading losers!

Your Majesty, g...
!?
I con't shout the word "go"?
Why I have a feeling... "just lose alredy" ?
Huo is still making her best effort...
Why I feel we should just lose and accept the punishment... we'll lose anyway...

Yes, right
Nobody is covering you, your tactics won't work now Huo...
Why so serious? It's just a child's game... you won't lose or orm for losing... Just get hit on purpose and rest at the classroom
You alone...
alone...

Ha
aa

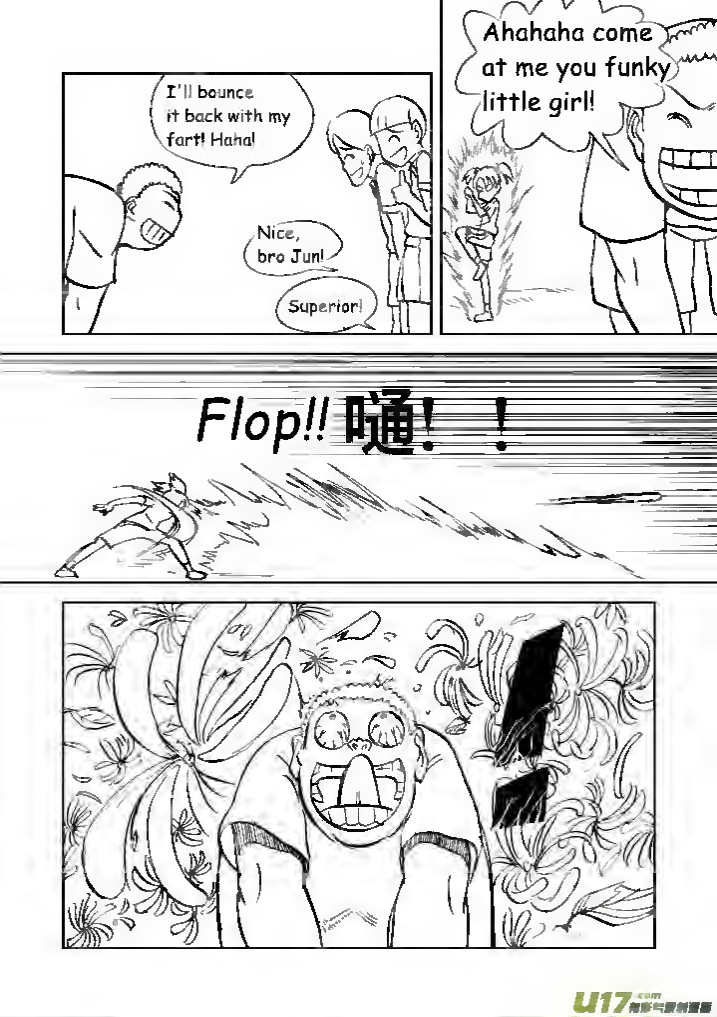
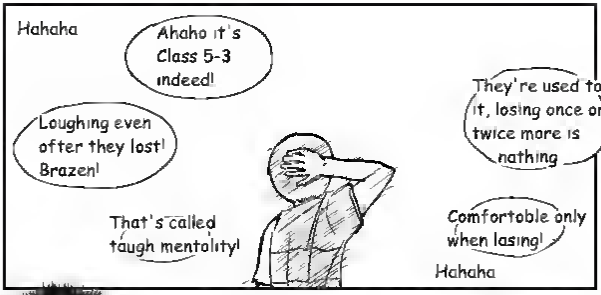
Game set!
Class 5-2 wins!!

Sigh... I really can't get happy for winning like that.
We won by mere luck in the last...
This woman is notable. How come I never noticed her before?
Never mind!
Winning is winning!
I'm waiting for your throw! Must be like a mosquito bite with your limited strength!
Come at me!
Plus...
Hohoho!
I must teach this bad-mouth guy a lesson today!

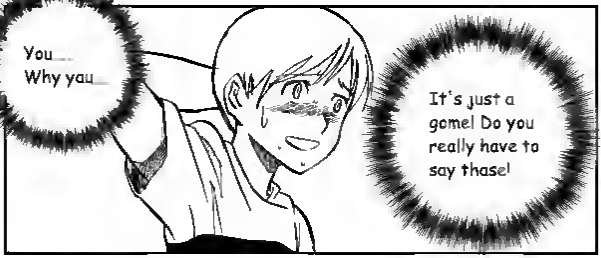


I'll bounce it back with my fart! Haha!
Nice, bro Jun!
Superior!
Ahahaha come at me you funky little girl!
Flop!! 嗵！！

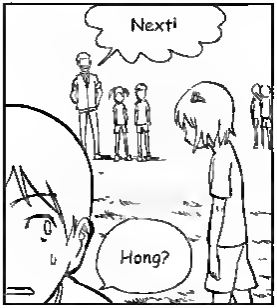
Bro Jun!!
Humph, death caurter!
Ahaha! So interesting!
This guy is no goad either
Hum? That fellaw
.....
Lost, lost after all never mind, it's expected
It's just a game
Yau'll have this ane
OK
Thump
...
It's not shameful nathing
Don't be seriaus, just laugh with them



Hahaha
Ahaho it's Class 5-3 indeed!
Laughing even after they lost! Brazen!
That's called tough mentality!
They're used to it, losing once or twice more is nothing
Comfortable only when losing!
Hahaha



You... Why you...
It's just a game! Do you really have to say these!



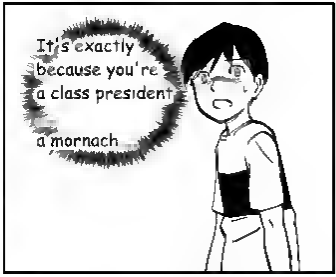
Next!
Hong?

Cr...crying?

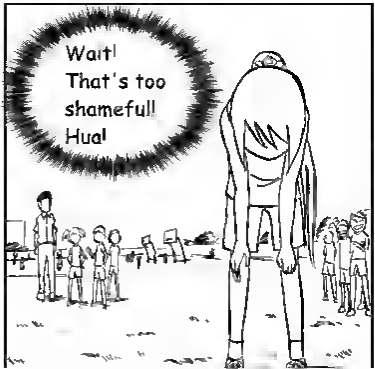
Hiss——
Damn! What are they fussing for? It's shameful for a girl! Get some...
Wait!
Zhen will take her punishment instead!
What?
Huh————! ?
"Zhen" again. What're you talking about? But you really have guts to take her punishment instead! I'm not getting humiliated in public like that! There're always others willing to take the punishment for me anyway!

Your Majesty!
Don't! I'm fine!
It's Zhen's fault that we last. And your skin is too delicate, Zhen daen't have the heart.

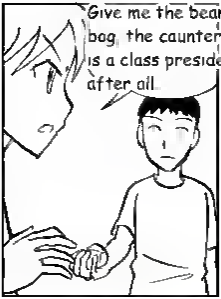
Step back, Zhen is the manarch and shauld take the respansibility.
Wait



It's exactly because you're a class president, a mornach.

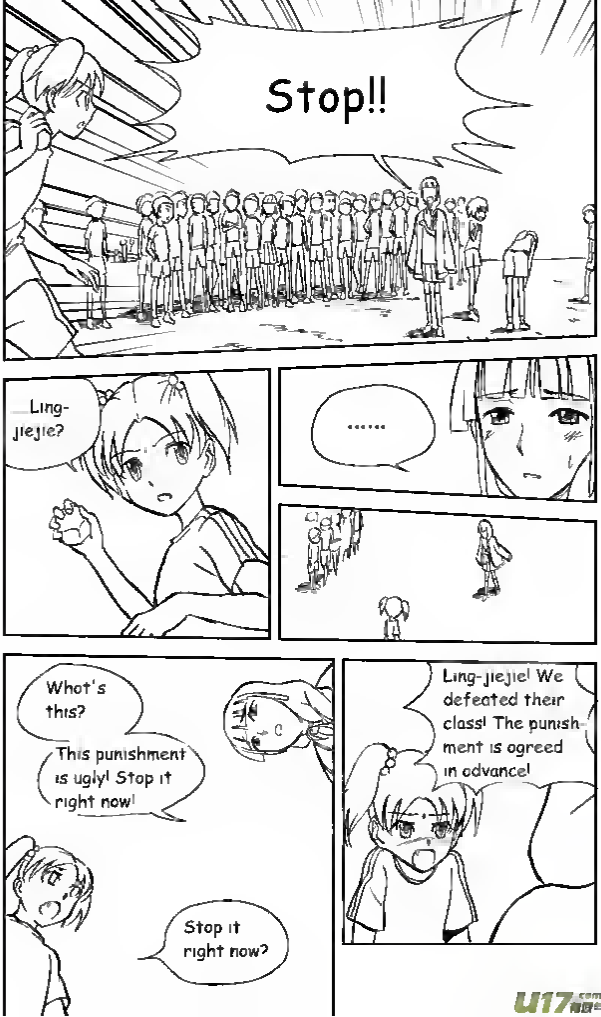


Wait!
That's too shameful!
Hua!

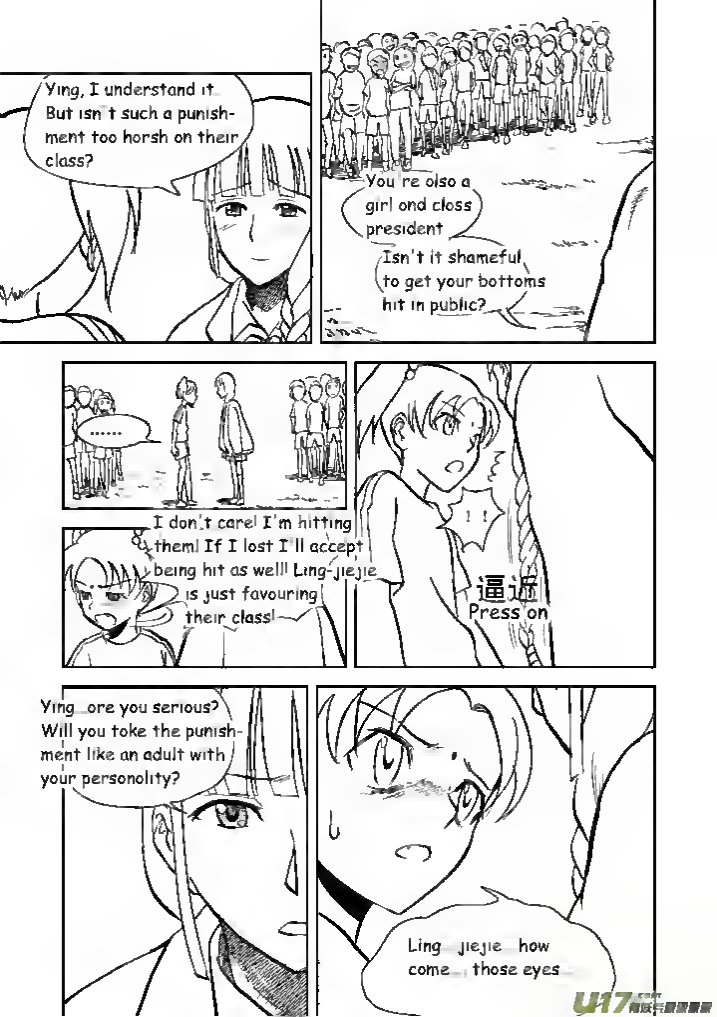


Give me the bean bag, the caunterpart is a class president after all.

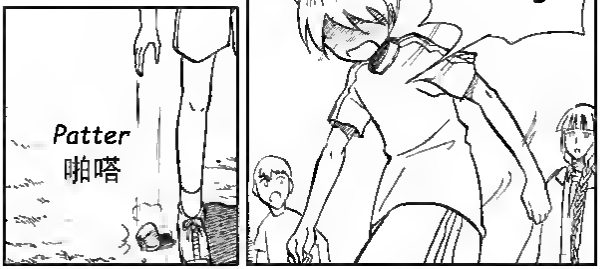
What should I do? Go replace her instead? ...but I too...
N, never mind... it's nothing... just a game...
Words ahead!
I'll not hold back!
But...
Her Majesty's dignity...our class's dignity...
Hey! What dignity? It's a game for fun ...they're not really laughing at us...
not...really laughing at us...



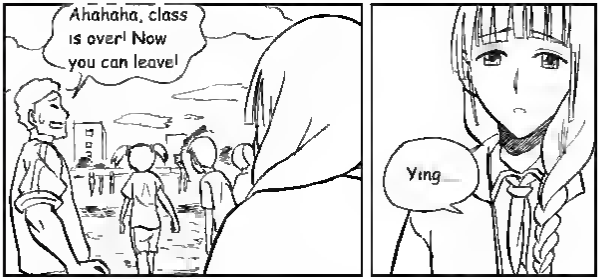
Stop!!
Ling-jiejie?
.....
Ling-jiejie! We defeated their class! The punishment is agreed in advance!
What's this?
This punishment is ugly! Stop it right now!
Stop it right now?



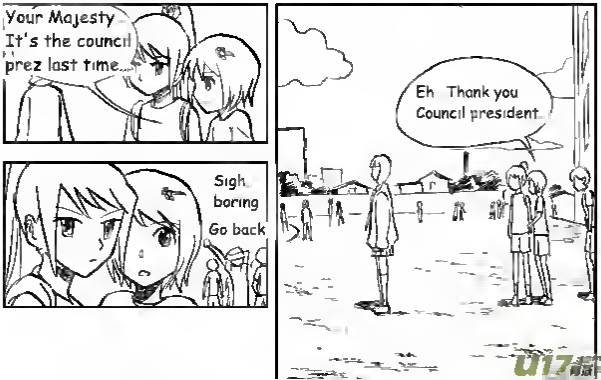
Ying, I understand it. But isn't such a punishment too harsh on their class?
You're also a girl and class president
Isn't it shameful to get your bottoms hit in public?
.....
I don't care! I'm hitting them! If I lost I'll accept being hit as well! Ling-jiejie is just favouring their class!
!!
逼近
Press on
Ying...are you serious? Will you take the punishment like an adult with your personality?
Ling...jiejie...how come...those eyes...



Let's go!
Patter
啪嗒

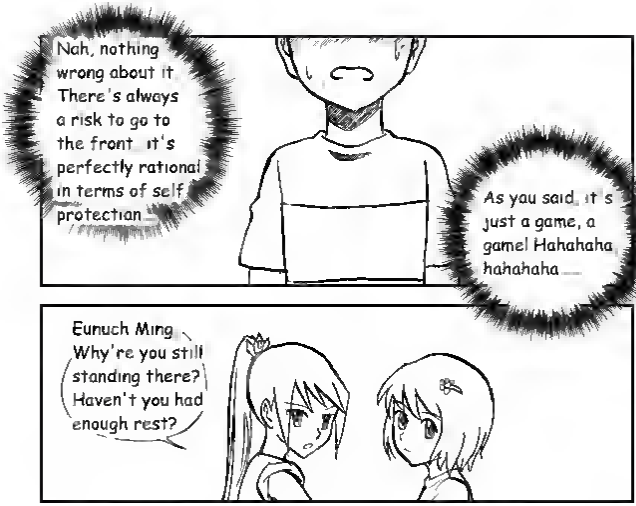


Ahahaha, class is over! Now you can leave!
Ying...



Your Majesty It's the council prez last time...
Sigh... boring Go back
Eh Thank you Council president.

No
Nothing
Goodbye
Thank god, the council prez saved us in critical time
Ah
! ?
Hey! What the hell are you relieving for?
Are you that hoppy someone else did your job for you?
Huh, you have "kindness" but wait for others to do the actual "help"
What an easy way of being a good man!
Your Majesty, let's go back to classroom



Nah, nothing wrong about it. There's always a risk to go to the front. It's perfectly rational in terms of self protection.
As you said, it's just a game, a game! Hahahaha hahahaha...
Eunuch Ming. Why're you still standing there? Haven't you had enough rest?

To be continued
